

SMOOTHOUT HANDLING INSTRUCTIONS

Resin Additive and Reducer

A HONEY SMOOTH autobody filler thinner which thins out all autobody fillers to their desired consistency and improves their workability. Even the heavier portion from the bottom of the conventional filler cans can be thinned out to revive its spreadability. Eliminates waste and troublesome pinholes. Reduces spreader drag and the amount of required filing and sanding. It will also thin out autobody filler for use as a glaze over large areas that require long swipes. Permits closer shaping to the exactly desired contour. One can will condition several cans of autobody filler.

Directions for Use

Take filler from can. Before adding hardener to filler, smooth it out with a few drops of SMOOTHOUT- then mix in the hardener as usual before applying.

CAUTION: FLAMMABLE MIXTURE. DO NOT USE NEAR FIRE OR FLAME.
HARMFUL IF INGESTED. If ingested, do not induce vomiting. Consult a physician.
Vapor harmful. Avoid prolonged breathing of vapor. If headache or nausea occurs, remove to fresh air. **SKIN AND EYE IRRITANT.** Avoid prolonged or repeated contact with skin. In case of contact, flush skin and eyes with plenty of water. Keep lip closed while not in use. **KEEP OUT OF REACH OF CHILDREN.**
